Re: Docket No. T-03318A-00-0832 / Decision No. 64067

Docket Control:

Please accept this correspondence as a request to extend the due date of the bond requirement for the above-referenced docket.

1-800-RECONEX, Inc. ("Reconex") received it's authority to provide interexchange telecommunications service on March 11, 2002. In the Procedural Order giving Reconex this authority, it states that Reconex should notify the Commission of its intended date of providing interexchange telecommunications as well as the submission of a performance bond thirty days prior to providing service or by October 4, 2002.

Reconex is not yet providing interexchange telecommunications service in the state of Arizona and respectfully requests that an additional extension of time to provide the compliance requirements be granted. Reconex's local exchange customer base in Arizona is very small (around 70 customers) and we have not yet developed a marketing strategy for the long distance service. Reconex would provide the Commission with any updated Company information to assure the Commission that it's financial, managerial, and technical abilities are the same, if not improved, since the initial application.

Please contact me at 503-982-5572 or [anne.lynch@reconex.com](mailto:anne.lynch@reconex.com) if you have any questions or need any further information on this matter.

Sincerely,

Anne Lynch  
Regulatory Manager
